🎨 Join Our Fun-Filled Art Class for Grades K-2! 🎨

Do you have a creative child at home who loves to draw and create? Sign them up for our exciting 8-week art class! Your child will have a blast learning basic art techniques that are the building blocks for future artists. They'll explore the world of art through painting, drawing, 2D and 3D art, and more! Our art lessons are all about having fun while discovering individual creativity. Every session features new projects, so there's always something fresh to look forward to!

Make sure your child wears a smock or dresses down to keep their clothes clean.

🎨 Join Our 8-Week Art Class for Grades 3-6! 🎨

Do you have an artistic child at home who is always 'creating'?

We have the perfect opportunity for them to explore their creativity even further! Our 8-week art class is designed for children who want more hands-on time to develop their artistic skills and experiment with different techniques and materials. In this class, your child will have the chance to draw, paint, use watercolors, explore 3D art and much more! They will build additional skills, gain confidence, and become part of a supportive artistic community.

Our curriculum includes teaching students to see with an artist's eye, studying various techniques, learning about art history, and expanding their art vocabulary. Please make sure your child wears a smock or dresses down, as things might get a little messy!
